Bibliotheksbereich A5, Zi.-Nr. A 127, Telefon: 0621 / 181-3067

How to find me:

There are three potential places, indicated on the map below with the highlighted circles: **Schloss** (1), **A5** (5) and **Lehrstuhl** (unnumbered, in B6, 26). If we have a meeting, I probably and hopefully told you one of these places. Otherwise, you have a good chance to miss me, because I am probably somewhere else. ;-) Email me, that is generally the best way to reach me.

Schloss:

Go to the „Ausleihe/InfoCenter“. Use the elevator outside the large room, opposite to the ECUM terminal. Level 2 (Direktion/Fachreferate). When you leave the elevator, turn right and immediately right again, then the last but one room on the right side (SN 282).

A5:

In A5, go to the library in part A of the building. My office is inside the library, that means: No jackets, no bags! Lockers are available in the lobby. Then go inside the library and straight forward to the stairs. On level 1 are offices, I am in room A 127. If you need your bags, you can call me from the reception (3067) and I can pick you up.

Lehrstuhl:

It is the „Lehrstuhl für Künstliche Intelligenz“ of Prof. Dr. Heiner Stuckenschmidt. From A5, it is on the other side of the street (B6, 26), in the middle part of the building (B). Go to level one, we usually meet in the lobby at the small bar (I have no office there), or in the room B1.09.
